Natural & Cultural History
Planetarium • Theatre

Annual Report 2015-2016

MISSION STATEMENT

The Hastings Museum brings to life the natural and cultural history of Hastings, Adams County and the Great Plains of Nebraska. The museum connects Nebraska to the world and universe through educational programs, exhibits and films, inspiring greater public respect for and understanding of our past and future.

The Hastings Museum has grown into a multifaceted organization over the last 85 years. The museum offers a variety of subject matter through exhibits, films and programs. It continues to offer a package that includes museum exhibits and programs, the J.M. McDonald Planetarium and the Lied Super Screen Theatre.

VISION STATEMENT

The Hastings Museum will invest its time and resources strategically to build on its past successes and revitalize its facilities, programs and financial capabilities for the future, to become the leading natural and cultural history museum of Nebraska and the Great Plains.

Dear friends,

What an amazing year at Hastings Museum! We saw significant progress in regards to Museum exhibits, community partnerships, marketing and finance. This was also the first year for the 2015-2019 Strategic Plan, which was developed in 2015 and revisited often as we aimed to set priorities for various projects.

While Museum memberships ebb and flow in an almost cyclical pattern, we are on the upswing and saw [Museum memberships reach their highest level in 17 years](#). This is important because it shows the strength of the Museum in the community and supports our non-tax income. While it's possible every member may have a different reason for joining, we believe three factors played a part:

- » Opening of the Nature Nook provides a hands-on attraction for families and grandparents. This is simply an incredible space that drives repeat visits, which drives memberships.
- » A new digital marquee better informs the community about Museum activities, presents a positive image of the Museum and helps create excitement.
- » The Museum continues to be a good value for visitors and families.

The Nature Nook opened to the public just six days before this fiscal year, so most of the immediate reaction was felt in this year. Permanent exhibits take time to plan, design and fund. The Nook itself was four years in the making and this fiscal year was the one that benefitted from all of that hard work.

Plans to gain a digital marquee for the Museum actually began six years ago when talks began on how best to make it happen—but fizzled due to budget constraints. This year, we were able to [partner with the Hastings Community Redevelopment Authority](#), which initiated the project, the Hastings Museum Foundation and the city of Hastings to purchase a high quality video board and related materials. The new sign is controlled from within the Museum, can play brief videos and does a much better job of highlighting activities in the Museum while giving a more up-to-date impression to potential visitors.

And finally, the Museum's budget. While the Museum has ended its fiscal year in the black regularly over the last decade, this year stands out because [Museum income was greater than budgeted](#). This helped create one of the largest budget surpluses in recent memory, some \$28,000, which was returned to the city to reduce debt incurred in the late 1990s and early 2000s.

We appreciate the work of staff who helped make this year a success, and the continued support of city staff, the mayor, City Council, Trustees and, importantly, the community and visitors from across the country. Your continued backing of Hastings Museum [makes Hastings a better community for us all](#).

With gratitude,

[Rebecca Matticks](#)

Exhibits & Collections

Six Temporary Exhibits: *Nanotechnology Exhibit*, UNL; *The Romance of the Moon*, Sheldon Museum of Art; *Architexture*, Studio Art Quilter Associates of Nebraska; *The Way We Worked*, Smithsonian Museums on Main Street; *Dutton Lainson Anniversary Exhibit*, Hastings Museum staff in cooperation with D-L employees; *4th Grade Native American dioramas*, Hastings Public Schools.

Permanent Exhibit Upgrades: A new case was built to better exhibit our collection of bats; Safety glass was installed in the remaining south end dioramas so barriers could be removed; Graphics were updated in the Kool-Aid Exhibit; Graphic panels with hands-on items were added in the main diorama hall; the large Conroy Case on the south end of the main diorama hall was removed, those animal mounts were placed in other existing exhibits; the Polar bear diorama was renovated, the foreground was resurfaced and a seal breathing hole was added.

Ongoing Projects: Collections storage remains a significant concern. Considerable time was devoted to researching and planning long-term solutions. Secured funding for Kool-Aid exhibit companion book; research began.

Theatre & Planetarium

Large format films & special theatre bookings: *Tiny Giants*, BBC Earth; *Jean Michel Cousteau's Secret Ocean*, 3D Entertainment Distribution; *National Parks Adventure*, MacGillivray Freeman Films; *The Gruffalo* and *The Gruffalo's Child*, Magic Light Pictures; *Queen Rock Montreal*, Specticast; and *The Who Live in Hyde Park*, More2Screen.

Theatre Upgrades: A 380-square-foot stage was added to the Museum's theatre. In years past the space could not accommodate this upgrade, but as films now project in slightly less deep dimensions, a stage no longer blocks the theatre's screen. This project was funded by the Hastings Public Library in exchange for their temporary residence in our building. Additional support was provided by Give Hastings Day donors and a Sunnyside grant.

Ongoing Projects: As the planetarium's main components have begun to show their age—star projector, control panel, seats, and carpet—we began the process of researching grants and projection systems to keep our planetarium offerings competitive.

A group of students enjoy the Many Moccasin Dancers on the new stage in the Theater.

Education: Programs & Events

In 2015 our annual Native American Festival (NAF) drew 547 people and again spotlighted the Many Moccasins Dance Troupe. This year's festival highlighted the lives of contemporary Native Americans and featured an enhanced partnership with Hastings College's education students. Spirits & Interesting People (SIP)—an event for adults designed to blend a cocktail party with traditional museum programming—continues to grow in attendance and appeal to new audiences. Two perennial strengths are our Preschool Playdays and Summer Fun classes for youth. Combined they served 453 kids and addressed 25 unique themes! The Brooking Room, a classroom that had been used only seasonally, received updates to its heating, ventilation, and air conditioning systems which greatly increased its functionality (funded through our partnership with the Hastings Public Library). And to facilitate better communication with patrons during events, new speakers were installed throughout the Museum.

Ongoing Projects: The education department continually works to incorporate new teaching techniques and to keep its lesson plans compatible with Nebraska State Standards. Delivering school programs to K-6 students is a vital component of the department and they are currently researching Virtual Field Trips (VFT) as a way to reach out to new markets.

Marketing & Visitor Services

Marketing in this fiscal year focused largely on launching the Nature Nook. With a supplemental budget from the Hastings Museum Foundation and a grant from the Nebraska Tourism Commission, the effort was able to reach far beyond the Tri-Cities. The promotional package included billboards, video spots that ran in our Theatre and statewide on NET, radio ads, donor recognition, printed materials, a large web presence, and a broad paid social media push that extended into Iowa and Kansas. This collection of materials won the Mountain-Plains Museum Association (MPMA) publication design award in the Promotional Package category. The word is out and patron feedback was strong: the Nature Nook is a hit!

Ongoing projects: While the new digital marquee gave us an important new tool to communicate with the public, the fact remains that people are busier than ever. We are constantly on the hunt for better ways to connect and communicate with patrons, members, and potential partners.

Financials

With multiple funding sources—including the citizens of and visitors to Hastings—the Hastings Museum director, staff and Board of Trustees place significant emphasis on financial stewardship. This includes developing a balanced budget, partnering with the Hastings Museum Foundation and prioritizing key projects. The staff and board, in conjunction with city officials, citizens and the Foundation, also develop a strategic plan, which guides decisions and ensures the Museum will remain a jewel of the Queen City.

Museum memberships
roared back after the
opening of the Nature Nook.

Memberships hit a 17-year high this year, and non-member attendance increased modestly. There was a bump in theatre attendance when the 3D digital projection system opened in October 2011, but attendance has since stabilized within a narrow range. A clear uptick in Museum attendance this year was likely due to the opening of the Nature Nook. We are hopeful this upward trend will continue and set a new, and higher, plateau.

*The underground tunnel in the
new Nature Nook exhibit.*

2015-16 had the most Museum Memberships in **17** years.

We have **1,105** memberships that include **5,862** members. A **15%** increase in

members over the previous year. We held the

LARGEST member celebration in a decade.

Volunteers do more than donate their time and talent; often they're the key to new partnerships and community connections.

This year we added 31 new volunteers to our rolls—and these are people who regularly sign up for multiple programs. They don't simply work one event a year. This summer alone we accumulated more than 2,000 donated hours. Volunteers share their unique talents and help us spread the word about our programs, films, and events. They're a key resource that make it possible for us to offer large events to the public, scouts, or private groups that schedule events with multiples stations.

This year we raised the bar on working closely with community partners!

While the Museum is known for its multiple collaborations with a variety of public and private entities, perhaps no collaboration has been more substantial than its current arrangement with the Hastings Public Library. After much discussion between directors, board presidents, and then full boards, an agreement was struck that allowed the Hastings Public Library to move into the east half of the Museum's main level in March 2016. The agreement was welcomed by city leaders, and both the Museum and Library have received positive comments about the arrangement. This partnership is creating programming and relationships we hope to continue after the Library moves in to its renovated building in late 2017.

When HPL was in need, the Museum was a friend indeed. We are excited to continue collaborating closely with them for years to come.

AGENDA ITEM SUMMARY SHEET

Description of Item:

T'Dance Subdivision

Names of People/Business affected by this action:

The property owners, the public and the City of Hastings

Why Council action is required:

Subdivision Plats require approval by the City Council.

Type of action requested:

Motion

Suggested motion:

Approve T'Dance Subdivision.

Deadlines associated with action:

None.

Department head comments:

This plat is a follow-up action to the vacation of Boston Avenue between South Street and A Street. The plat clarifies ownership of the vacated Boston Avenue and creates useable lots for the owners. A.J. Toms plans to use the newly created lot for either camper storage or a self-storage facility. T'Dance School plans to use the additional area for needed off-street parking. Previously, they had been leasing a portion of Boston Avenue from the City for parking.

The Planning Commission recommended approval of this subdivision at the December 19, 2016 meeting.

City Administrator comments:

Recommend approval.

Hastings Half Marathon
Powered by Mary Lanning Healthcare

Hastings, NE

Feb 13, 2017

City of Hastings
Hastings, NE

We wish to present this event for your approval.

The Half Hastings half marathon, 5K and Kids fun run. The date is set for June 3, 2017.

The half marathon will start at the Hastings Middle School SE corner and travel through various parts of Hastings including Brickyard Park, Chautauqua Park, Libs Park, downtown Hastings, Heartwell Park and a large portion of the Spirit hike/bike trail, and will eventually end at the 50-yard line of Hastings College.

The 5K race will start on 12th Street north of Hastings College Arena parking, head east, then south on 6th Ave to University. We then go through the College area, up the spirit trail and through Heartwell park back to the College 50-yard line.

With these routes we will be showcasing the City of Hastings to our residents as well as numerous visitors. These visitors that will be in town for Saturday and they will hopefully shop our stores and eat in our restaurants before venturing home.

I have already been given great advice and help from the City Engineering, Streets, and Parks Departments. I ask for the council's blessing and your approval for this event.

Mike Florek
Half Hastings Race Director.

RESOLUTION NO. 2017-9

WHEREAS, the City of Hastings, Nebraska (City) pursuant to Neb. Rev. Stat, § 13-1359 is desirous of obtaining the written consent of the Nebraska Department of Roads (NDOR) to temporarily utilize a portion of the state highway system for a special event designated by the City of Hastings, Nebraska; and

WHEREAS, said special event is to be known as the “Hastings Half Races”, and

WHEREAS, the running course for said special event will require the temporary closing of U.S. Highway 281 between 16th Street and North Shore Drive located within the corporate limits and zoning jurisdiction of the City; and

WHEREAS, said “Hastings Half Races” is scheduled to be held on the 3rd day of June, 2017, between the hours of 7:30 o’clock A.M. (the time the City will assume temporary control of the portion of the state highway system) and 9:30 o’clock A.M. (the time the City will relinquish control of the portion of the state highway system); and

WHEREAS, the City understands that the City shall have the legal duty to protect the highway property from any damages that may occur arising out of said special event and the State of Nebraska and the NDOR shall not have any such duty during the time the City is in control of the highway property; and

WHEREAS, the City understands that any existing statutory or common law duty of the State of Nebraska and the NDOR to protect the public from damage, injury, or death shall become the duty of the City, and the State of Nebraska and the NDOR shall not have such statutory or common law duty during the time the City is in control of the highway property; and

WHEREAS, this Resolution is being passed and adopted for the purpose of providing NDOR with thirty days’ advance written notice of said special event as provided by Neb. Rev. Stat §39-1359(3); and

WHEREAS, the City understands that the Nebraska Political Subdivision Tort Claims Act shall apply to any claim arising during the time specified in said notice;

NOW, THEREFORE, in consideration of the foregoing recitals, the Mayor and City Council of the City of Hastings, Nebraska, hereby passes and adopts the following Resolution:

BE IT RESOLVED by the Mayor and City Council of the City of Hastings, Nebraska, that:

1. The City hereby gives advance written notice to the NDOR that it intends to conduct a special event to be known as the “Hastings Half Races” requiring the closing of a portion of the state highway system, to wit: U.S. Highway 281 between 16th Street and North Shore Drive located within the corporate limits and zoning jurisdiction of the City on the 3rd day of June, 2017, 7:30 o’clock A.M. (the time the City will assume temporary control of that portion of the state highway system) and 9:30 o’clock A.M. (the time the City will relinquish control of the portion of that state highway system);

2. The City acknowledges that the City shall have the legal duty to protect the highway property from any damage that may occur arising out of said special event and the State of Nebraska and the NDOR shall not have any such duty during the time the City is in control of the highway property;

3. The City acknowledges that any existing statutory or common law duty of the State of Nebraska and the NDOR to protect the public from damage, injury, or death shall become the duty of the City, and the State of Nebraska and the NDOR shall not have such statutory or common law duty during the time the City is in control of the highway property;

4. The City acknowledges that the Nebraska Political Subdivisions Tort Claims Act shall apply to any claim arising during the time specified in said notice; and

5. The City acknowledges that the City accepts the duties set out in this Resolution, and if a claim is made against the State of Nebraska and/or NDOR, the City shall indemnify, defend, and hold harmless the State of Nebraska and NDOR from all claims, demands, actions, damages, and liability, including reasonable attorney's fees, that may arise as a result of said special event.

Why Council action is required:

City Council approval is required for the One and Six Year Plan.

Type of action requested:

Resolution
Motion

Suggested motion:

Motion to approve the 2018-2023 One and Six Year Street Improvement Plan.

Deadlines associated with action:

Approval is needed before March 1, 2017.

Department head comments:

Dave Wacker, City Engineer, will present the street improvement plan. The first portion of the plan is proposed for the fiscal year beginning October 1, 2017 through September 30, 2018. The 2-6 year portion of the plan is a projection of needs in the coming years. Projects in this phase of the plan may be rearranged in priority, depending on the needs of the community and budget constraints. The City is required to file this plan with the Board of Public Roads Classifications and Standards by March 1st of each year to be eligible for allocation of gas tax revenues and potential federal highway funding. In addition, this plan is to indicate a match of local resources and the accountability and utilization of the same towards road and street construction and maintenance.

Reviews of projects included in this year appear in the attached copy of the 2018-2023 One and Six Year Street Improvement Plan.

The Planning Commission held a public hearing on the plan and reviewed it at the February 20,

2017 regular meeting of the Planning Commission. The Planning Commission recommends approval of the plan as submitted.

This activity represents City expenditures of approximately \$1,505,845.00. Block grant assistance of \$206,329.00 was received this last year.

The Street Department realized a busy year in patching infrastructure and purchased \$183,248.76 of concrete and \$28,994.70 of asphalt. Aging infrastructure and a changing temperate climate continues with challenge to keep up with repair.

Our One Year Plan for summer of 2017 will include the following new concrete pavement projects:

- Completion of: Dovetail cul-de-sac.
- Completion of: Alley Improvement District – 1st Street to 2nd Street between St Joseph Avenue and Colorado Avenue.
- Completion of Minnesota Avenue – 13th Street to 14th Street
- Asphalt Resurfacing – Arterial:

Some landscaping improvements in Downtown Parking Lots is contemplated also.

On January 27, 2017, the Nebraska Highway Commission is expected to approve the US Highway 6 Project from Elm Avenue to 1300' East of Showboat Blvd. Right-of-Way negotiations are expected to begin in Spring of 2017, and final design to be continuing thru the summer months. A large upgrade of utilities will be involved in the corridor development. The project is estimated at a cost of \$25,000,000 with City funds to match in the amount of \$5,160,000. Construction is anticipated to begin in 2019 with completion in 2020. This office will be involved with NDOR officials in the development process with many meetings this next year.

In the proposed One-Year plan ending September 30, 2018, I have included the improvement of 42nd Street from 1300' West of US 281 to Baltimore Avenue. This project will require the discussions with elected officials, Adams County, and adjacent landowners. BAN funding has been included in the 2016-2017 budget to support the advancement of this project if desired.

Exhibit B1 and B2 includes the proposed resurfacing projects for 2018 and beyond that are to be funded by highway allocation, wheel tax, and sales tax dollars.

Despite the recent improvements made on our street system, comprehensive evaluation still shows needed improvements of over \$70 million. Rising construction costs and dealing with a temperate climate continues to escalate this estimate. The City currently maintains 494.42 lane miles of roads and streets.

Funding will continue to be an issue into the future to meet our needs. Hopefully voters will continue to extend the 1.5% sales tax that will expire in March of 2018.

The City is required to file the plan by March 1 of each year with the Board of Public Roads Classification and Standards. Filing of the plan by the deadline entitles the City to receive highway allocation gas tax revenues. The City expects to receive \$2,415,339 in gas tax revenues this fiscal year. In addition, this plan is to indicate a match of local resources and the accountability and utilization of same towards road and street construction and maintenance.

Please be advised that this is a planning document and not a binding contract of the City. The Hastings City Council will make final determination on all projects to be actually constructed through its budgetary process.

After careful review, I would welcome your comments on the street program in Hastings. It may be beneficial for the Council to consider a special worksession to discuss street concerns with the Street Superintendent and myself prior to formal adoption. I will be available for any questions you may have and will look forward to discussing the plan with you at the formally scheduled meetings on February 20, 2017 and February 27, 2017.

EXHIBIT "C" Supplement to Form 8

What is the Downtown Improvement Project?
This is a 6-year project to renovate the appearance and infrastructure of downtown. The project will include removal of mid-block crossings, construction of new concrete streets, the "bicycle boulevard" installation of new street lights, traffic lights, trees and benches, new water lines, sewer lines, and other water drainage. The appearance of the project will be similar to 3rd Street.

Why is the Project Necessary?
Urban development specialists advise that the investment of private capital in downtown areas is induced by public improvement renovation projects like this project. We have numerous stable, solid businesses in downtown Hastings, and the City wants to do everything it can to retain the viability of existing businesses downtown. We also have many empty buildings and storefronts. We feel that the Downtown Improvement Project will put a "fresh face" on the appearance of our downtown and enable the Business Improvement District (BID), Community Redevelopment Authority (CRA), the Downtown Center Association and other institutional groups to successfully recruit new businesses to downtown Hastings. Construction of the Inland Theater at the Hastings Museum will begin in Spring, 1993. This, along with other tourism efforts, is projected to bring more than 150,000 visitors to Hastings. These visitors represent prospective shoppers and potential retail dollars. We feel that the City's investment in public improvements will be repaid through increased sales taxes generated by an increase in retail sales and growth in the local economy.

How will Businesses be Affected?
To be honest, there will be inconvenience to businesses and their customers during construction. The street will be excavated at a certain point of the project, resulting in a loss of riding surface and parking spaces. During other phases of the project, the sidewalk will be removed, and for a short period of time, front building entrances will have to be closed when new concrete for sidewalks is being placed. During this period of time businesses will be encouraged to use alley entrances, if available.

Who will Pay for this Project?
This project will be financed like the 3rd Street improvements, with bonds issued to pay all project costs. The bonds will be repaid through general property tax collections.

How will Shoppers and Motorists Get Around?
One of the advantages of segmenting this project over several years is that it provides an opportunity to do extensive advance planning for years 2, 3, 4, 5, 6. The City, CRA and BID are exploring the creation of pedestrian walkways (out through from the alleys to 2nd Street which would provide easy access from existing parking lots to 2nd Street). Motorists and customers will be accommodated by construction signage and use of City parking lots. Pedestrians may be required to walk slightly greater distances than normal in areas under construction.

What is the Time of Construction?

As shown in the above map, this project will be phased into six construction seasons beginning in the Spring of 1993. So that each phase of the project can be completed as quickly as possible, our plan is to bid each annual phase of the project in January of the respective year. This will enable the successful bidder to begin work immediately upon spring weather permits. The construction contract will stipulate that the work must be completed within 120 working days of "Notice to Proceed" construction, or within 180 days if the project is a "Notice to Proceed" construction, or within 180 days if the project is a "Notice to Proceed" construction. The term "working days" generally excludes weekends, holidays, and other days when the project is not working. The City understands the importance of completing each phase of the project as soon as possible.

Why is the First Block of 1st & 2nd Streets Excluded?

The safety project to deepen the Burlington Avenue underpass which will involve State and Federal funding will require pavement work from the intersection of A and Burlington to the intersection of 7th and Burlington. When this work is being done, access to the first block of 1st and 2nd Street from Burlington will be closed or limited. The City plans to incorporate the improvements to the first block of 1st and 2nd Streets into the same time frame as the Burlington Avenue underpass project. The State of Nebraska recently announced that they plan to conduct a design public hearing on the underpass in January, 1993, with construction scheduled in the State's 1995 fiscal budget.

RESOLUTION 2017-6

WHEREAS, pursuant to Chapter 39, Article 21 of the Revised Statutes of the State of Nebraska, the City of Hastings, Nebraska, has established a One and Six Year Plan for street improvements based on priority needs and contributions to the orderly development for an integrated statewide system for highways, roads and streets in the State of Nebraska and the City of Hastings, and;

WHEREAS, the City of Hastings, Nebraska, a municipal corporation, has Pursuant to Section 39-2119 of said statutes conducted a local public hearing thereon, and;

WHEREAS, a public hearing was held by the Planning Commission on February 20, 2017, at 220 N. Hastings Avenue, and;

WHEREAS, following the hearing the Planning Commission approved the plan as presented.
